

Join our AI accelerator

Get access to our cutting edge platform with expert assistance to help you build, launch, and refine AI-Powered Applications.

Ideal for...

- ✓ Companies ready to harness AI's transformative power
- ✓ Teams looking to rapidly build AI-powered applications
- ✓ Businesses integrating GenAI into their processes

What are the benefits?

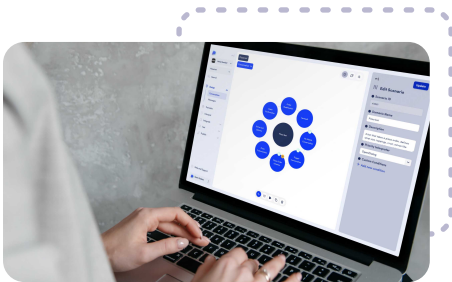

Accelerate Your AI Knowledge

Dive into advanced AI topics and frameworks that will sharpen your skills and give you a competitive edge. Fast-track the hands-on creation of your AI agent with the help of our platform and expert support.

Expert Mentorship from World Renowned AI Leaders

Learn directly from seasoned AI practitioners and industry leaders guiding you every step of the way.

Hands-On Experience, Real-World Outcomes

Learn, while working side by side with experts on real solutions, applying your knowledge practically to design tailored AI agents for your business.

Exclusive Award Winning Platform & Resources

Access cutting-edge AI tools, exclusive resources, and methodologies to build, test, and deploy your own AI agents faster.

Fast-Track Your Success

Whether you're an AI enthusiast, entrepreneur, or an established company, our program helps you go from concept to execution quickly and efficiently.

Networking & Collaboration Opportunities

Be a part of our exclusive AI community, collaborating with like-minded innovators, and gaining invaluable industry contacts.

How does the accelerator program work?

Apply for the program

Tell us about your goals, challenges, and where you want to take your AI knowledge.

Match with mentors

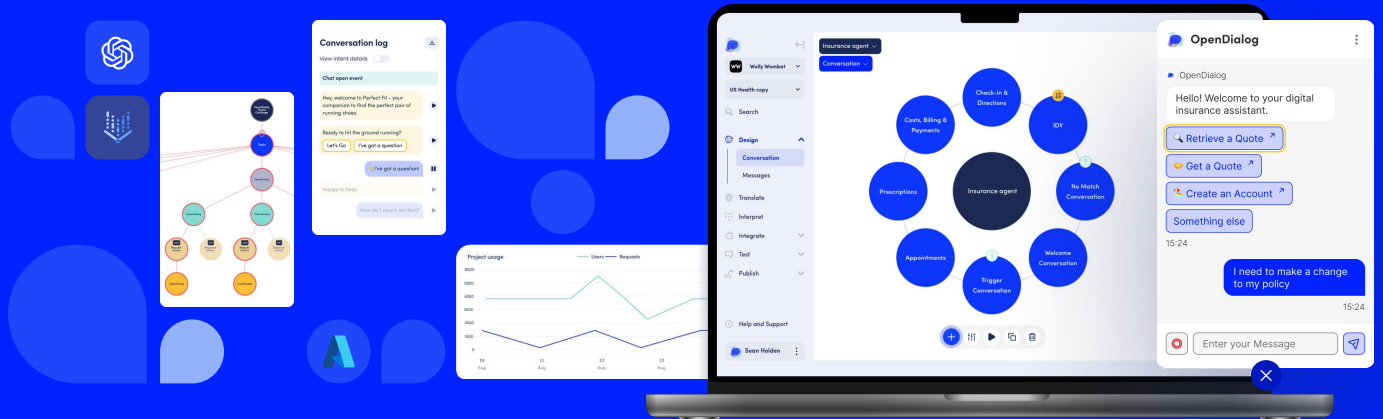

Based on your experience and interests, you'll be paired with AI experts to guide you.

Project Initiation

Kick off with an introduction to the OpenDialog platform and its powerful capabilities.

Work on your project with expert guidance

Implement AI-driven solutions and use OpenDialog's award winning resources to create scalable, high-performance applications.

Weekly Interactive Workshops

Learn from experts through focused sessions on different aspects of conversational AI development.

Ongoing Mentorship & Dedicated 1 on 1 Support

Access your mentor and dedicated support team for troubleshooting, guidance, and technical assistance throughout the program.

OpenDialog Accelerator

Grow and launch 🚀

Graduate with the skills, tools, and network to successfully launch and scale your AI project.

What do I get?

User-Friendly No-Code Interface

Design AI agents with ease, without the need for technical coding knowledge.

LLM Prompt Management

Integrate prompt management into your conversations to enhance interaction quality.

Semantic Classification

Automatically understand and classify user inputs, allowing more confident automation of conversations.

Retrieval Augmented Generation (RAG)

Build AI agents capable of digesting and reasoning from your own documents, creating custom answers or actions.

AI Agent Orchestration & Conversation Management

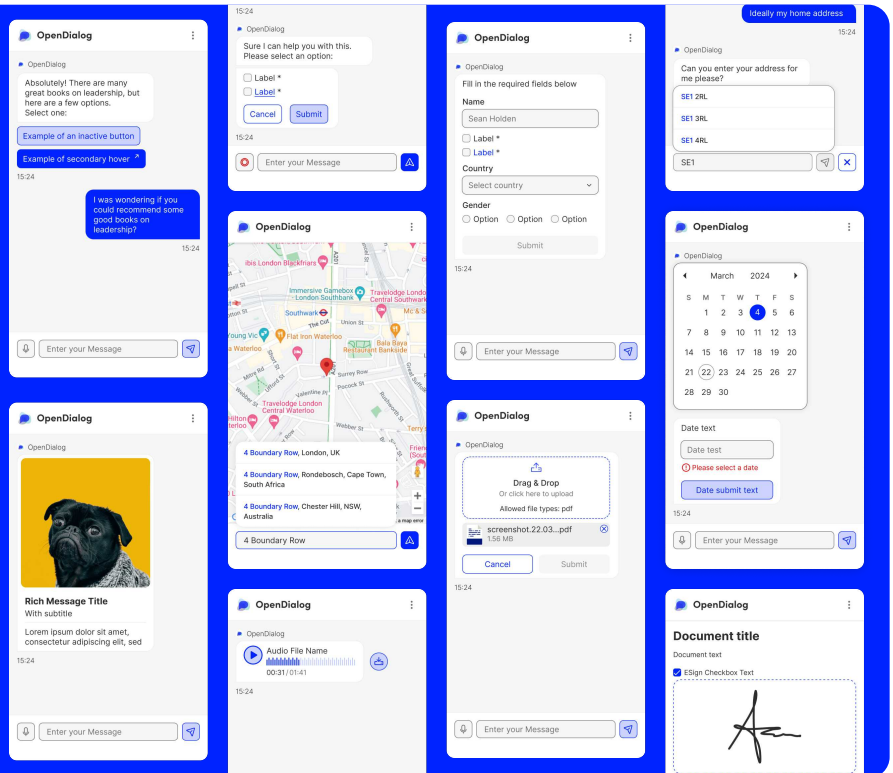

Create dynamic dialogues that adapt in real time to user inputs, powered by Generative AI.

Analytics and Insights

Track performance, user engagement, and optimize your conversational agents over time.

ChatAPI, Web Chat UI, and SDK

Seamlessly integrate your AI agents across multiple platforms with our full-featured web chat and SDK tools.

How much does it cost?

The AI Accelerator is a fixed 2-month program which is provided at zero cost to successful applicants and includes:

2 months

All-inclusive access to the OpenDialog fully managed platform for a single user

2,000

OpenDialog API calls (max)

300,000

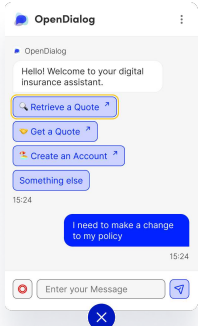

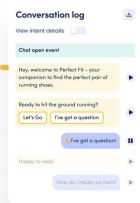

OpenAI LLM tokens

● Prompt 🗨

You are a helpful digital assistant. Respond with helpful answers about OpenDialog

FAQs

What's the duration of the program? 🕒

 OpenDialog Accelerator

The OpenDialog AI Accelerator runs for two months, with flexible schedules to fit your needs.

Do I need any prior AI knowledge? 🧠

 OpenDialog Accelerator

While a basic understanding of Generative AI and prompts is helpful, our program is designed to support teams at all levels, with extensive resources and personalised guidance.

Is the program fully online? 📺

 OpenDialog Accelerator

We can cater a mix of online and in person support, adjusting to specific needs and availability.

How much will I have to pay for access to OpenDialog after the Accelerator period? 💰

 OpenDialog Accelerator

Ongoing access to all features start at just £50 (\$65) per month and includes up to 2,000 ChatAPI calls and 500,000 OpenAI LLM tokens per month.

What if we go over the limits? ⚠️

 OpenDialog Accelerator

If you need higher OpenDialog API call limits, you can purchase additional packages.

Any overages on LLM tokens can be purchased at cost or you can use your own OpenAI, Azure Open AI or Google Cloud keys.
